INTERSTATE COMMERCE COMMISSION

[Finance Docket No. 32685]

Chicago & North Western Railway Co., Soo Line Railroad Co., d/b/a CP Rail System, Wisconsin & Southern Railroad Company, Wisconsin Department of Transportation—Joint Relocation Project Exemption—in Dane County, WI

On March 31, 1995, Chicago and North Western Railway Company (CNW), Soo Line Railroad Company, d/b/a CP Rail System (Soo), and Wisconsin and Southern Railroad Company (WSOR), and the Wisconsin Department of Transportation jointly filed a notice of exemption under 49 CFR 1180.2(d)(5) to relocate a line of railroad in Madison, Dane County, WI. The proposed transaction was expected to be consummated on or after April 7, 1995.

The line relocation project is to facilitate construction of the new Monona Terrace Convention Center in Madison, WI. CNW and WSOR¹ currently operate two closely parallel rail lines in a rail corridor running at the base of a bluff under the planned convention center site. The convention design will require supporting piers for the structure to be placed on the site of the current CNW track.

The joint project involves: (1) The incidental construction of connecting

tracks between existing CNW and WSOR tracks, which would involve the moving of all rail operations a distance of approximately 2,090 feet to the current WSOR line; (2) the transfer of WSOR's ownership of track within the relocation limits to CNW, which CNW will rehabilitate, and CNW will grant trackage rights over the track to WSOR and Soo; and (3) the removal of CNW's track within the relocation limits. The notice states that service to shippers will not be disrupted.

The Commission will exercise jurisdiction over the abandonment or construction components of a relocation project, and require separate approval or exemption, only where the removal of track affects service to shippers or the construction of new track involves expansion into new territory. *See City of Detroit v. Canadian National Ry. Co., et al.*, 9 I.C.C.2d 1208 (1993). The Commission has determined that line relocation projects may embrace trackage rights transactions such as the one involved here. *See D.T.&I.R.—Trackage Rights*, 363 I.C.C. 878 (1981). Under these standards, the incidental abandonment, construction, and trackage rights components require no separate approval or exemption when the relocation project, as here, will not disrupt service to shippers and thus qualifies for the class exemption at 49 CFR 1180.2(d)(5).

As a condition to the use of this exemption, any employees affected by the trackage rights agreement will be protected by the conditions in *Norfolk and Western Ry. Co.—Trackage Rights—BN*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Ry., Inc.—Lease and Operate*, 360 I.C.C. 653 (1980).

Petitions to revoke the exemption under 49 U.S.C. 10505(d) may be filed at any time. The filing of a petition to revoke will not stay the transaction. Pleadings must be filed with the Commission and served on: Robert T. Opal, Chicago and North Western Railway Company, 165 North Canal Street, Chicago, IL 60606; Larry D. Starns, Soo Line Railroad Company, Suite 1000, Soo Line Building, Box 530, Minneapolis, MN, 55440; John D. Heffner, 1920 N Street, NW, Suite 420, Washington, DC 20036; and James S. Thiel, Wisconsin Department of Transportation, Room 115B, Hill Farms State Transportation Building, P.O. Box 7910, Madison, WI 53707.

Decided: April 24, 1995.

By the Commission, David M. Konschnik, Director, Office of Proceedings.

Vernon A. Williams,

Secretary.
